The Campus Special is the industry's leader in college marketing. We are based out of Atlanta and Chicago and work with over 100 universities nationwide. In 2010, The Campus Special made the Inc 5000 and was recognized by Inc Magazine as one of the fastest growing private companies in the US. Our internship program was nominated in 2009 as one of the best places to intern by Intern Bridge. We are the nation's largest publisher of coupons on college campuses and recently launched a virtual Food Court for ordering food online at all universities.

As an Account Executive for The Campus Special, you will develop the skills that cannot be taught in a classroom. Gain hands-on experience in account management, advertising, sales, customer service, marketing, and learn advanced communication skills. Extensive training is provided at our 4-day, all-expenses-paid training conference in Chicago where you will meet over 300 interns from around the country, listen to guest speakers, attend workshops, and more! This is not your typical summer internship where students are restricted to secretarial tasks such as filing, faxing, and fetching coffee for management.

Through our summer internship program, we have helped over 2,000 students gain the experience they need to launch their career in business, marketing, advertising, public relations, sales, and communications. Our Career Partners include prestigious companies such as AT&T, ADP, ESPN, Kraft, Coca-Cola, News America Marketing, iCrossing, CBS Radio, Aerotek, Eli Lilly and more.
