

I work for a rapidly growing company that specializes in Dermatology. Our home office is in Dallas close to the Galleria. This is a great opportunity for someone who is looking to use their skills and experience with a top rated company.

I am including a description that can be sent to a potential candidate.

Graphic Designer

Use your talent in visual design and skills with the adobe creative suite to help a fast growing, national, dermatology company stand out from the competition and share their new brand. We need your graphic skills to ensure the company communications have a consistent look and feel through the creation of sales and marketing materials. Your work will be displayed on our website, integrated into documents & presentations, used to create print collateral and ad materials company wide. Your role will be integral to continuing to share, shape, and brand our messaging within our new, united image as – U.S. Dermatology Partners.

As one of the largest physician-owned dermatology practices in the country, U.S. Dermatology Partners patients not only have access to general medical, surgical, and cosmetic skin treatment through its coordinated care network, but also benefit from the practice's strong dermatology subspecialty thought leaders and medical advisory board. To be the best partners to its patients, U.S. Dermatology Partners is fervently focused on providing the highest level of patient-first care, and its team includes recognized national leaders in areas such as clinical research, psoriasis, and Mohs Surgery.
